Dancers to Make Return Engagement

IN ACTION . . . are Emily Frankel and Mark Ryder, American dance stars, who are to present a dance-drama assembly this morning, 9:50, in the College auditorium.

Modern Dance Artists to Appear In School Assembly This Morning

Humorous and dramatic dances will be presented by Emily Frankel and Mark Ryder, American dance stars, at the assembly to be held this morning in the College auditorium, at 9:50, according to Dr. Sterling Surrey, chairman of the assembly committee.

other dances.

Emily Frankel Returns

Having performed in 1954 at the College, Miss Frankel will be making a return engagement.

"Little, lithe, and utterly lovely—reminds one frequently of the great Doris Humphrey in her dancing days," says Walter Terry, dance critic of the New York Herald Tribune, of Miss Frankel. Redhaired and striking, she combines personal beauty with a dramatic gift.

As a child Miss Frankel began her dance training in a local ballet school in Harrisburg, Pennsylvania. Despite the fact that she was offered a scholarship by one of her teachers, her parents insisted on her living a normal life, and they tried to discourage her from becoming a dancer. When she was older, Miss Frankel moved to New York City and got a position on the Dance Magazine staff so that she could support herself while studying dancing. Within five months she became a member of the Weidman Dance Company.

She toured with the Weidman Company, danced with Doris Humphrey's Group, choreographed and performed her first solo dances on the different television networks, and taught children and adults.

Mark Ryder Is Praised

Mark Ryder has been called "one of the finest of all the young male dancers" by John Martin, the dance critic of the New York Times. Mr. Ryder brings a much needed direct-

Student Teachers Will Have Seminar

Dr. Leon Miller, chairman of the Division of Education, will hold the second seminar of the summer for student teachers on Tuesday, July 7. At the seminar he will comment about student work experiences thus far.

Reports turned in by the students will be evaluated and implications will be drawn from them. During the summer session, student teaching is conducted as a workshop in teaching. This arrangement recognizes the fact that summer students are experienced teachers in their areas.

The reports on which implications are based are designed as self-evaluations. Students are asked to evaluate their participation, ability to work with others, effective teaching, and personal contributions to the pupils.

Notice!

Students who are approved for National Defense Student Loans and have not filled out an oath and affidavit, should secure the form in room 207 A of the Classroom building, according to Dr. Sterling Surrey, who is in charge.

IMB to Present Film Series Today

By Jodine Ryan

Today is the opening of a series of five film previews to be presented by the Instructional Materials Bureau. The 16 mm. motion picture films will deal with various subject matter material, along with several travelogues.

Luke L. Boone, director of the instructional materials bureau, announced that today's films will be "The Language of Graphs," one on the Renaissance, and several others that are available to the center at that time.

The program will be presented in room 213 of the Classroom building from 2:50 to 3:50 p.m. Students are urged to attend. No admission will be charged, according to Mr. Boone.

Spring Semester Honor Roll Shows 107 With High Averages

Eleven students with "E" averages head the recently released Dean's List for the 1958-59 second semester.

Students with 3.0 averages are Karon Blake, Rosemary Coats, Montra Dorman, Fay Fox, Kenneth Gipple, Phil Hayes, Eldon Hildebrandt,

Lovell Hunziger, John Mutti, Eileen Rittmann, and Barbara Wagner.

Ninety-six other students had averages of 2.5 or above. They are Kathryn Adams, Suzanne Anno, Merlin Baker, Bette Bauer, James Beals, Rebecca Bell, Conrad Bensyl, Sandra Bill, Patricia Bissell, Roger Blackwell.

Larry Blake, George Wayne Borden, Roger Bright, Marvin Broadstone, Marlene Brown, Leland Brown, Wade Bruggeman, Edna Burnside, Marsha Combs.

William Combs, William Cotton, Sharon Cowen, Delvee Cramer, Robert Cramer, Bennett Crawford, Marsha Crowell, Donald Dearmont, Mildred Drake, David Dryer, Raedene Eberle.

Students May Go To 'Say Darling'

By Ann Porter

Thirty-five seats have been reserved for students of the College at the Starlight Theater in Kansas City, for the evening of Friday, July 17.

In beautiful Swope Park, the outdoor theater is presenting the musical comedy "Say Darling," co-starring Eddie Bracken, a veteran motion picture actor and comedian, and Johnny Desmond, a well-known singer.

Ticket price will be \$2.00, and the bus fare will be provided by the College. The theater has promised seats in a good location. All students interested should sign in the Business Office by July 7.

This is an excellent opportunity to see an outstanding Broadway comedy, and students should make plans to participate in the College-sponsored trip if possible.

College Will Give Proficiency Tests

All students with 45 hours who have not taken the English Proficiency Examination will be required to do so at 1:40 p.m., July 15, in the auditorium of the Administration building.

Each individual student will be notified and a list will be posted on the bulletin board. Passing this examination is a requirement for graduation with any degree. More information can be found in the College catalog.

Mr. Lilley Takes Summer Training

By Shirley Williamson

Robert Miller Lilley, physics and mathematics major who will be a senior at the College this fall, is enrolled in Summer Research Opportunities for chemistry and physics majors at the University of North Carolina.

This is the only undergraduate program in the nation and is sponsored by the National Science Foundation.

Chemistry and physics majors who have completed their third year may engage in one of a number of University research projects.

Dr. Denzil M. Cooper, of the College physics department, recently received a letter from Mr. Lilley saying that he was enjoying his study and was then working on a linear amplifier problem in the field of nuclear physics.

This is a ten-week session and will last until August 7.

College Administers Graduate Examination

The Graduate Record Examination was administered last Saturday morning, June 27, at 8:30. The national examination was given to determine fitness in preparation for graduate work. It was given in room 207.

Campus Tree Shows Golden Beauty

A COMPANION . . . to the Chinese Scholar Tree, which stands opposite it on the west side of the front walk leading to the Administration building, this Golden Rain Tree is one of the more ornamental and unusual trees which grace the campus. (Photo by Schooler).

Letter to the Editor . . .

Six years have brought many changes to the NWMSC campus.

In my last year here, 1952-53, the Union was new. Now it is already undergoing extensive alterations to meet the needs of increased enrollment. Freshman Hall and the new men's dormitory are more evidence of the growth of the student body.

More impressive additions are the Classroom building with its functional design and the new Health and Physical Education building which is nearing completion.

Only those who were here in its Dark Age can properly appreciate the changes in the Administration building—the light-colored halls and the stairs safe for travel.

Altogether, there is a firm note of progress for which the Administration deserves sincere congratulations.

One thing I should like to hear more about is the system of walks to and from the Classroom building and the Union. Will there be something concrete forthcoming on that subject?

—Harley Hackett

See the Union Movies . . .

Take it for granted that many of the movies shown in the Union are old, yet dated or out-dated, most of them are good. It is appalling how few students attend them.

"Annie Get Your Gun," a delightful musical, was shown a few nights ago, but hardly a dozen students attended. Why?

Movies coming up are "Les Girls," "Blackboard Jungle," and "The Yearling." Surely seeing these will provide some relaxation and enjoyment.

Dorm Girls Have Dedication

Memorial services were held May 18, at 10 p. m., in Freshman Hall, for Zonamarie Eisenberg and Ruth Emmeck, both freshman who passed away during last semester.

Many friends of these two girls paid their respects by donating a worship altar to be used for future devotional ser-

vices held every Thursday evening.

Even though Zonamarie and Ruth were on the campus only a short while, they will be remembered not only through the use of the worship altar dedicated to them but also by their many friends who grew to know and love them very much.

He began studying acting and dancing at an early age at the Neighborhood Playhouse of the Theater in New York City. Martha Graham taught him there, and later invited him into her Dance Company. Shortly after, he was drafted, and he spent three years in the Army where he earned himself five battle stars. He returned to the Graham Company and worked himself into the position of soloist. Between touring with Miss Graham and appearing Southwest.

with her on Broadway, Mr. Ryder also acted as a major soloist in the New Dance Group Company, the Doris Humphrey Group, and many television shows. He danced the leading role in the St. Louis Opera production of "Bloomer Girl."

Because Miss Frankel and Mr. Ryder have similar ideas about movement, and have studied all styles, as well as the different techniques, they have been able to make for themselves their own technique. Since their debut in 1950, they have been touring the country and, during the summers, choreographing new dances. They are currently touring the Midwest and the Southwest.

ZO ANN HOLT, a junior, flew to St. Louis, June 19, to participate in the "Miss Missouri" pageant. Miss Holt was named "Miss St. Joseph" in a beauty contest sponsored by the St. Joseph Junior Chamber of Commerce last month.

The annual summer textbook display was held here June 15 and 16. More than 25 exhibitors displayed textbooks and instructional material on the main floor of the Administration building.

Mrs. Lynn Adams, a 1957 graduate, was one of ten persons in this area selected to attend a seven-week course in French at South Dakota University at Vermillion. Mrs. Adams, who teaches at Villisca, Iowa, high school, left for her destination June 15.

Scott Brown, son of Mr. and Mrs. Everett Brown, has been appointed midshipman in the regular Naval Reserve Officers Training Course at Idaho University. Scott was a student at the College this past year.

EMMETT ELWELL MASON, a 1958 graduate, received his master of arts degree in industrial arts at the spring commencement of Colorado State College.

Edwin Roush, a junior, has been appointed as pastor of the Watson-Centralia Methodist Churches. Roush has been assistant pastor at the Pickering Methodist Church.

Paul Butherus, a 1949 graduate, will join the athletic staff of Wentworth Military Academy, Lexington, next September. His specific coaching assignment at the academy has not been decided, but he will fill one of two vacancies created by recent resignations. Butherus has been head coach at Plattsburg high school the past eight years.

The parents of Miss Myrna Arms, announced her engagement to Palmer Lawson. Miss Arms is a junior at the College, and Lawson is a freshman.

MRS. VIRGINIA BOUSKA, member of the department of home economics, attended the Infant Development Workshop at the University of Kansas, June 8-19. The workshop, the first of its type in the Midwest, was planned to further the understanding of the growth and development of children during the first two years of life, and to explore the findings of research relative to the needs and care of that age group.

The Dean's coffee hour for graduate students was held June 17 in the Union lounge.

One hundred seven students, eleven with "E" averages, were on the Dean's List for second semester. This was an increase over the first semester when only sixty-two students appeared on the list.

Madeleine Mongold, a senior, became the bride of Charles Gillis, a sophomore, May 29.

JAMES STEPHENSON, a 1938 graduate, now living in Prescott, Arizona, was recently named "Arizona Teacher of the Year" by the Arizona Federation of Women's Clubs Convention. Voting standards were established on the basis of scholastic attainment, teaching experience, professional attitude, outstanding

work beyond the call of duty, and interest in community, state, and national affairs.

Leland Hamilton, a 1941 graduate, has been named the executive director of the Bar Association of St. Louis, effective July 1. While at the College he served as president of the student Y.M.C.A., student director of religious activities, and assisted in the dean of men's office.

F. B. Houghton, jr., who attended the College, has passed the state board of pharmacy examinations. Houghton recently graduated from the University of Kansas City Pharmacy School. He has been employed by the Nodaway Drug Company.

Paxton L. Price, librarian at the College, from 1947 to '49, was elected to the council of the American Library Association. Announcement of his appointment was made at the association's annual convention held in Washington, D. C.

Price was named a member of the 96-member governing council in an election conducted by mail. The council determines policies and library standards for the association. He will serve a four-year term.

LELAND L. MEDSKER, a 1928 graduate, has been elected to the Association for Higher Education Committee. He will act as vice-chairman, Center for the Study of Higher Education, the University of California at Berkeley.

Dr. H. D. Peterson, chairman of the division of health and physical education, was a beauty judge at Clarinda, Iowa, June 26, at the annual Miss America Beauty Pageant.

First Aid Methods Include Two Revolutionary Discoveries

By Don Schooler

Two major changes have been inaugurated in the first aid courses taught by Ryland H. Milner, athletic director. The administration of artificial respiration and the application of tourniquets have experienced revision.

Women of College See Sports Action

By Ferral Beemer

When the athletic program at the College appears to be at a standstill during the summer months, ping pong balls, shuffleboard discs, and bowling pins are flying in Miss Bonnie Magill's Individual Sports class.

Activities in this course are purely for recreation and relaxation along with the skill development. Later on in the summer, round robin tournaments are planned for bowling, table tennis, and shuffleboard.

Participants in the tournaments will be the eleven students enrolled in the class: Winnie Shenoworth, Polly Karras, Donna Krieger, Margaret Kurg, Myla Larson, Freda Madinger, Jeanette Rutledge, Bunnie Scott, Rosille Slaughter, Ruth Wagner, and Mary Wilmes.

Miss Jutten Is Guest on Campus

Miss Jessie Jutten, Warrensburg, spent several days last week visiting with Miss Bonnie Magill, chairman of the women's physical education department. Miss Jutten is chairman of the women's physical education department at Central Missouri State College, Warrensburg.

Miss Jutten did undergraduate work at the College and was a member of the Phi Phi Chapter of Alpha Sigma Alpha. Later she returned to this campus in the capacity of supervising teacher of women's physical education in Horace Mann Laboratory School.

Davenports Stop To See Peterson

Mr. and Mrs. Howard Davenport, Milwaukee, Wisconsin, visited Tuesday with Dr. H. D. Peterson, chairman of the division of physical education.

Mr. and Mrs. Davenport are former students of the College. Mrs. Davenport was the former Diane Clement.

They were enroute to Colorado where Mr. Davenport plans to attend College this summer.

Old methods of applying artificial respiration specified that the applicant straddle the prone victim. The actual application included a compression followed with a quick snap-off.

"Even pressure" is the key phrase in the new back pressure procedure. The operator takes his position at the head of the victim who is lying face down. Then the operator places the victim's arms at right angles to the latter's sides.

Pressure Continues in Cycle

Actual treatment is begun as the operator leans over the victim's head and applies pressure to the area of the back immediately below the lungs. At this point, instead of a quick snapping motion, the operator continues the reviving cycle by sliding his hands toward the arms which he grasps with a pulling motion to complete the cycle.

Careful studies of casualties in World War II and the Korean conflict resulted in a new method of applying tourniquets.

Previously, a tourniquet was released at regular intervals after the initial application. This periodic release was used because it was believed that there was no way for the life fluid to enter the tissue blocked by the tourniquet.

Diffuses Past Tourniquet

During the wars, surgeons observed that new blood was actually diffusing past the tourniquet. The release of the pressure band resulted in losses of blood which, too often, led to death. This medical revolution has fathered the new method of applying a tourniquet and leaving it applied until a doctor is reached.

Students successfully completing the College first aid course receive health certificates certified by the American Red Cross.

It is Mr. Milner's belief that in the near future, each prospective teacher will be required to possess a certified health certificate.

New Procedure Revises Old Method of Life Saving

Allen Dolph, a post graduate student with a biology major, and Paul Shupe, a post graduate in physical education, are demonstrating the new back pressure method applied in artificial respiration. In the picture on the left, Dolph begins the cycle by applying pressure to

Shupe's back. At right, the cycle is ended as Dolph pulls forward on the arms.

These pictures were taken in the first aid class which meets in the P.E. building, under the direction of Mr. Ryland Milner, athletic director.

Villagers Win 6-1 In Softball Clash With Scrappers

Bats and balls and minor squalls descended on Maryville's Beal Park the night of June 25th. The event was the all important softball clash involving the Scrappers and Vets Villagers, which went to the Villagers, 6-1.

Bill Corder, catcher for the Vets Village team, established himself as the evening's big gun by banging home runs in the first and fifth frames.

Defensively, honors went to the losers. Bob Fairchilds, shortstop, and Jim Mitchell, second base, initiated double plays for the Scrappers.

In reference to the squalls, —it got fairly breezy in the third. Nick Nardin of the Scrappers was in scoring position on third. Third base umpire, Ev Whitehead, ruled that Nardin left the bag before the next pitch. At this point, a short, but lively, debate took place and Nardin got the thumb.

Previous to the contest, it was supposed that the winner would be the only undefeated team and would go ahead to win the league.

Class Cannot Get Access to Course

By Ferral Beemer

This spring the College was unfortunate in not having access to the golf course at the Maryville Country Club. As a result of this situation, the College was the only school in the conference without a golf team.

To date the College and the Country Club have not come to an agreement concerning this situation.

Ronald Noah, Marcia Dreher, Anna Schmidt, William Kurtz, William Rabel, Ralph Skinner, Kenneth Smith, Karl Sandell, Evelyn Robison, Lucille Henson, Evelyn Sickles, Rochelle Epperson, Howard Mills, and Ann Moncrief are

enrolled in the summer golf class.

Mr. Ryland Milner is conducting the class on the lawn south of the gymnasium.
